2. Requesting a Test

The online test request process from the customer's point of view.

A customer can request a corrosion test online by visiting the Wah Chang Corrosion Solutions website. The customer uses the online test request form to fill out the test parameters and payment information.

Via the Web

All tests requests should come to the Corrosion Solutions lab through the web.

Logging In

1. Connect to the Wah Chang Corrosion Solutions home page at http://www.corrosionsolutions.com/.
